Gibson Girl Foundation

The Gibson Girl Foundation was started in 2008 by singer and artist, Debbie Gibson.

The Mission of the Gibson Girl Foundation is to award scholarships and instruments to underprivileged children who display talent and have a desire to participate in programs designed to nurture their individual skills in the performing arts. We primarily offer scholarships for these children to attend any summer performing arts camp of their choice.

To date, the Gibson Girl Foundation has awarded \$75,000 in scholarships to children in need.
